

CONFERENCE SCOPE

The main goal of ICMCC'2019 is to establish a new international platform for sharing and exchanging knowledge in a successful implementation of material science related laboratory trials to real industrial applications. The special emphasis will be put on a recent progress in technologies associated with fabrication and processing of metallic, ceramic and composite materials also regarding their impact on sustainable economy.

The subject of conference covers (but is not limited to) all aspects of:

- ✓ foundry engineering
- ✓ plastic deformation
- ✓ powder metallurgy
- ✓ heat treatment
- ✓ additive manufacturing
- ✓ surface and coating technologies
- ✓ advanced materials characterization

Plenary sessions and discussion panels will be arranged within the frameworks of following topic areas:

- A: Special metallic materials and technologies
- B: Ceramics for specific applications
- C: Metal/ceramic interactions and metal matrix composites
- D: Light weight metallic materials

Additionally, submitted papers will be published in:

- ✓ Archives of Foundry Engineering
- ✓ Archives of Metallurgy and Materials
- ✓ Przegląd Odlewnictwa (Foundry Review)
- ✓ Journal of Casting & Materials Engineering

2nd INTERNATIONAL CONFERENCE ON METALS, CERAMICS AND COMPOSITES

*Towards a successful transfer
of materials science into industry*

25th – 27th September 2019
Varna, Bulgaria

INTERNATIONAL SCIENTIFIC COMMITTEE

HONORARY CHAIRMAN

Prof. Jerzy Lis, Vice-Rector of AGH University of Science and Technology; Member of the Polish Academy of Sciences, Corr., Poland

CHAIRMAN

Prof. Ludmil Drenchev, Institute of Metal Science, Equipment and Technology with Hydroaerodynamics Centre, Bulgaria

VICE CHAIRMEN

Prof. Geoff Richards, AO Research Institute, Davos, Switzerland
Prof. Hristo Skulev, Technical University of Varna, Bulgaria
Prof. Jerzy J. Sobczak, DHC, AGH University of Science and Technology, Poland
Prof. You-qi Wang, Inner Mongolian Metal Materials Research Institute, China

MEMBERS

Prof. Rajiv Asthana, University of Wisconsin, USA
Prof. Tomasz Babul, Institute of Precision Mechanics, Poland
Prof. Rafał Dańko, AGH University of Science and Technology, Poland
Prof. Vinay Deodeshmukh, Haynes International, USA
Tadeusz Franaszek – Polish Foundrymen's Association, Poland
Prof. Marcin Górny, AGH University of Science and Technology, Poland
Prof. Edward Guzik, AGH University of Science and Technology, Poland
Prof. Jolanta Janczak-Rusch, EMPA, Switzerland
Prof. Lucyna Jaworska, Institute of Advanced Manufacturing Technology, Poland
Prof. Philip J. Maziasz, Oak Ridge National Laboratory, USA
Prof. Sergei T. Mileiko, Solid State Physics Institute Russian Academy of Sciences, Russia
Prof. Yuri Plevachuk, Ivan Franko National University of Lviv, Ukraine
Prof. Pradeep K. Rohatgi, University of Wisconsin, USA
Prof. Wojciech Przetakiewicz, Maritime University of Szczecin, Poland
Robert M. Purget, Energy Industries of Ohio, USA
Prof. Dr. Feng Shaoren, Inner Mongolian Metal Materials Research Institute, Ningbo, China
Prof. Zheng Shunqi, Inner Mongolian Metal Materials Research Institute, Ningbo, China
Prof. Jan Sieniawski, Technical University of Rzeszów, Poland
Prof. Natalia Sobczak, Institute of Precision Mechanics, Poland
Prof. Lenko Milenov Stanev, Institute of Metal Science, Equipment and Technology with Hydroaerodynamics Centre, Bulgaria
Prof. Stoil Todorov, Institute of Metal Science, Equipment and Technology with Hydroaerodynamics Centre, Bulgaria
Andrew Turner, World Foundry Organisation, UK
Prof. Vencislav Valchev, Technical University of Varna, Bulgaria
Dr. Fabrizio Valenza, National Research Council – ICMATE, Italy
Prof. Paweł Zięba, Institute of Metallurgy and Materials Science, Polish Academy of Sciences; Member of the Polish Academy of Sciences, Corr., Poland

CONFERENCE FEES

	Single room	Deluxe single room	Double room (2 persons)	Accompanying person	Participation only (without hotel)
Azalia Hotel & SPA ****					
Early bird (before 15 June)	520 EUR	560EUR	420EUR	340 EUR	120 EUR
